ULTIMATE OFF-ROAD SPORT UTILITY

The ultimate multi-purpose machine with unmatched performance, comfort and capabilities. When you customize with Polaris Engineered Accessories™ you have the confidence to take command of any task and any trail.
Designed by the same people who designed your vehicle.

Extensively tested in the field so you ride with 100% confidence.

65 years in the business. The #1 name in Off-Road.

Designed with Polaris to maximize performance.

Products so good they replace or repair them for life.

A global leader in audio innovation, design & engineering.

Making products for avid sportsmen since 1943.
POLARIS GENERAL CABS PROVIDE THE INDUSTRY’S TIGHTEST SEAL

11x BETTER DUST SEAL

COMFORT YOU HAVE TO EXPERIENCE TO BELIEVE
Our cab components create an experience enhancing interior, offering supreme comfort to your vehicle.

BUILD YOUR CAB SYSTEM
STARTING ON P. 08

ENGINEERED TO TAKE ON THE ELEMENTS

PERFECT FIT, PERFECT SEAL
A 360° gasket seal provides the tightest-sealing cab in the industry.

PROFILE TUBE DESIGN
Contours built into the cage deliver the best sealing surface in the industry.

PLUG & PLAY ELECTRICAL
A revolution in electrical accessory integration, the Polaris PULSE Electrical System allows for a simple plug & play approach for adding power to Polaris Engineered Accessories. Look for 💪 to identify Polaris PULSE ready accessories.

EASY ON & OFF
Adapt to your needs and environment with exclusive tool-less, easy-on, easy-off Lock & Ride components.

ENGINEERED TO TAKE ON THE ELEMENTS

TESTED & PROVEN

WINDSHIELDS

Keep the elements out and control air flow into the cab.

GLASS VS POLY

GLASS

• Superior optical clarity (automotive level)
• Scratch resistant
• Curved to fit, seals tight
• Cold weather/Heavy duty
• Wiper ready

POLY

• Lightweight, flexible, easy to store/remove
• Impact-resistant
• Tight seal keeps out rain and dust
• Hard Coat: 30x more scratch resistance than regular poly windshields

The three-position adjustment system easily opens, providing in-cab ventilation.

ADD A REAR PANEL TO REDUCE THE DUST SWIRL

Turbulent air forms above the cargo bed and behind the cab when you add a windshield. This swirl can carry dirt, dust, leaves, and rain into the cab. Eliminate this phenomenon and control the swirl by installing a rear panel.

REAR PANELS

The rear panel system offers fully-sealed or flipped-down venting options. Upper half detaches, leaving lower half for protection with maximum ventilation.

WINDSHIELD WIPER & WASHER SYSTEM

• Superior optical clarity (automotive level)
• Scratch resistant
• Curved to fit, seals tight
• Cold weather/Heavy duty
• Wiper ready (windshield only)

• Lightweight, flexible, easy to store/remove
• Impact-resistant
• Tight seal keeps out rain and dust
• Hard Coat: 30x more scratch resistance than regular poly windshields

• Superior optical clarity (automotive level)
• Scratch resistant
• Curved to fit, seals tight
• Cold weather/Heavy duty
• Wiper ready

POLARIS ENGINEERED™ ADVANTAGES
**Cab Comfort**

- **Multi-Function Cab Light**
  - LED light provides white, red, green and blue lighting options
  - Battery operated, rechargeable when vehicle is on
  - Remove to use as flashlight in and around vehicle

- **Red light is great for reading maps**
- **Green light is perfect for navigating in the dark**
- **Blue light is ideal for night riding**

**Electrical Installs Made Easy with Plug & Play**

- To install accessories, simply plug the harness into the Polaris PULSE hub
- No need to remove nuts and stack wire terminals like a three-post terminal setup
- By plugging in your accessories, a secure connection is guaranteed every time

Look for to identify Polaris PULSE ready accessories.

**We would like to thank our partners Browning® and Mathews® for helping to deliver a successful and safe off-road experience when out in the field.**

**Never transport a loaded firearm. Verify firearm is unloaded prior to mounting. Please refer to local laws and regulations regarding the requirements for the legal transport of firearms.**

17
GRIZZLY TESTED. POLARIS APPROVED.

This cooler is IIDC-approved, meaning it withstands the power expended by a typical grizzly bear if it was trying to get inside.

Seriously, there are experts who know what a grizzly is capable of doing, and they certify our coolers can take it.

POLARIS NORTSTAR COOLERS CAN SURVIVE JUST ABOUT ANYTHING - FROM EXTREME HEAT TO A NASTY TUMBLE OFF A VEHICLE.

**BUILD YOUR VISION**

Consider the Optics, Angle & how you will use your vehicle to choose the right light or set of lights.
**PRO ARMOR®**

Each wheel and tire Pro Armor designs for off-road vehicles performs perfectly in the intended environment for its intended use. Developed, tested, and produced in partnership so you can tackle the terrain ahead with Polaris.

### TRIPLE-BELTED SIDEWALLS

- Sidewalls are the most vulnerable puncture area of any off-road tire
- Pro Armor makes tires with extra protection exactly where it’s needed most – the sidewall

### 8 OR 10-PLY RATED

- Pro Armor builds the toughest tires
- Higher ply ratings mean added protection

### INNOVATION

**DUAL DUROMETER LUGS**

- Crawler XG & Attack 2.0
- Firm durometer rubber on base of lug for stability
- Soft durometer rubber on top of lug for sticky grip

**DUAL COMPOUND TREAD**

- (Dual-Threat)
- Firm durometer rubber on center of tread for long wear life
- Soft durometer rubber on shoulders of tread for superior grip

### 4,828+ km RATED

Pile on the kilometers with Pro Armor tires. Every tire is designed and constructed with longevity in mind. With ratings of 4,828 kilometers and beyond, you are assured long life and performance.

### KNOW YOUR TERRAIN

- Flexible “grippy” tread
- Aggressive side bite

### ROCK

**PRO ARMOR CRAWLER XR**

- Wanna race? This tire grips it all from the trail to the rocks
- Square block profile for even surface contact
- A tougher durometer than the XG to take on the toughest the trail has to offer

**PRO ARMOR CRAWLER XG**

- Big or small, these tires crawl them all
- A soft, sticky compound makes this tire ideal for both rock crawling and desert running
- 8-ply, triple-belted ballistic sidewall resist punctures

### BACKCOUNTRY/TRAIL

**MUD**

**PRO ARMOR MUD XC**

- Designed for the perfect mud-trail crossover for a smooth ride on the trail and aggressive traction in the mud
- Dual compound technology with harder durometer lugs promote extended wear, increasing tire life
- 10-ply construction, means added protection in the toughest terrain

### WHAT CRAWLER ARE YOU?

**XR**

- Smaller lug height, added rigidity and lateral stability when cornering
- Unique lug design excels in hard-packed, fast terrain

**XG**

- Tailer lug height
- Perfect balance between high-speed performance, durability and flex in order to grip slick rock

### ACCESSORIES

- Winches & plows
WINDSHIELDS &

BACKCOUNTRY/TRAIL

PRO ARMOR DUAL-THREAT
• Dual-compound technology and radial construction offer performance in all terrains
• Harder durometer rubber on outer edge for greater durability and grip
• Wider spaced lugs provide more grip in softer terrain
• Harder durometer rubber in the middle for increased traction during acceleration and longer tread life

PRO ARMOR ATTACK 2.0
• Designed for excellent hard-pack performance
• Dual-compound technology and radial construction offer performance in all terrains
• Tight tread pattern for a quieter ride

ATTACK 2.0 VS. ATTACK
TIGHTER TREAD PATTERN = Better traction in hard pack

PRO ARMOR ATTACK
• The best all-purpose tire for all-season traction in any terrain
• Unique, full-face tread design
• Harder durometer lugs promote extended wear, increasing tire life
• Wider spaced lugs provide more grip in softer terrain

DUAL-COMPONENT = MORE GRIP + LONGER LIFE
Firmer Durometer Rubber = Longer Life
Softer Durometer Rubber = More Grip

PRO ARMOR HARVESTER PRO ARMOR PRESERVE
• All-around workhorse with tread life of 8047 km
• Turf-friendly for areas where low-impact tire tread is needed

PRO ARMOR XD-K
• Unique, full-face tread design
• Harder durometer lugs promote extended wear, increasing tire life

PICKING THE RIGHT UTILITY TIRE

PRO ARMOR XD-K
• Industry-leading anti-puncture side walls
• Purpose-built, long-lasting tread patterns

FRONT / REAR

PRO ARMOR HARVESTER
• All-around workhorse with tire life of 8047 km
• Turf-friendly for areas where low-impact tire tread is needed
• Rounded profile and special tread pattern to limit footprint
• With 3D-ply it can carry the load in and out

FRONT / REAR

PRO ARMOR PRESERVE
• I74 km tread life
• Turf-friendly for areas where low-impact tire tread is needed
• Round profile and special tread pattern to limit footprint

FRONT / REAR

PRO ARMOR XD-K
• All-season workhorse with tire life of 8047 km
• Turf-friendly for areas where low-impact tire tread is needed
• Rounded profile and special tread pattern to limit footprint
• With 3D-ply it can carry the load in and out
**WINCHES**

  - 5x Faster Rope Recovery
  - 3. Set Dial to ROPE RECOVERY (H)
  - 2. Set Dial to PULL (L) for Winch Mode
  - 1. Set Dial to FREE SPOOL (N)

- **AUTO STOP TECHNOLOGY**
  - Stops winch at end of pull to prevent driveline stress and plow overlifting

- **PREMIUM SYNTHETIC ROPE**
  - Lightweight & easy to handle
  - Superior flexibility & strength
  - 3X longer life

- **WIRELESS REMOTE**
  - 25 m range standalone remote control with unique code for interference-free operation

### SPECIFICATIONS

**POLARIS GENERAL 4 1000**

- **2041 kg**
- **2883861**

**POLARIS GENERAL 1000**

- **2042 kg**
- **2883860**

### ADDITIONAL ACCESSORIES

- **Add Auto Stop Upgrade**
- **Add Synthetic Rope**
  - 2883198
  - With Aluminum Fairlead
  - 2676187
  - With Steel, Roller Fairlead

### GLACIER HD PLow SYSTEM

**GLACIER PRO HD GIVES YOU**

- **183 cm & 168 cm Blades**
- **Choice of poly or steel**
- **Manual angle system standard**

**GLACIER HD GIVES YOU**

- **Best for corrosion resistance**
- **Best for big jobs year after year**

**DURABLE BLADES**

- Choose a steel blade for durability and occasional rigidity or a lightweight non-stick, poly blade that’s easier on plowing surfaces.

### PLOWS & TRACKS

**POLARIS GENERAL 1000**

- **'16-18**
- **'19-20**

**POLARIS GENERAL 4 1000**

- **'17-18**
- **'19-20**

### SELECT A MOUNT

1. Select a Mount (Polyurethane) for a Tighter Fit
2. Select a Frame for the Mount

### CREATE YOUR PLow SYSTEM

**STEP 1**

- **POLARIS GENERAL 4 1000**

- **POLARIS HD 1588 kg Winch**

**STEP 3**

- **POLARIS HD 2041 kg Winch**

**STEP 4**

- **NEW Hydraulic Pivot Angle**

**STEP 5**

- **NEW Hydraulic Pivot Controller**

### SELECT A FRAME

**POLARIS GENERAL 4 1000**

- **'17-18**

**POLARIS GENERAL 1000**

- **'16-18**

**POLARIS GENERAL 1000**

- **'19**

**POLARIS GENERAL 4 1000**

- **'19**

### SELECT A LIFT METHOD

**STEP 3**

- **NEW Heavy Duty Deflector**

**STEP 4**

- **Replacement T Shear Pin**

**STEP 5**

- **Extension for Tracks**

### SELECT A BLADE

**POLARIS GENERAL 4 1000**

- **2883391**

**POLARIS GENERAL 1000**

- **2880268**

**PROSPECTOR PRO® TRACK MOUNTS**

- **2880758**

**PROSPECTOR PRO® TRACK**

- **2880718**

### MANUAL ANGLE SYSTEM

- Sturdier, easier on plowing surfaces.
- Lightweight non-stick, poly blade that’s easier on plowing surfaces.
FOR THE LIFE OF YOUR RIDE ONLY THE BEST WILL DO

To create the best oil for any terrain, we invest in rigorous testing to ensure our oil delivers the consistency and performance you demand. The results are Polaris Engineered Lubricants that are tested and perfected to deliver excellent total engine protection for the life of your ride.

WHAT COUNTS IN OIL TESTING:
1. Does it protect the engine at high temperatures?
2. Does it keep the engine free from carbon and buildup?
3. Does the oil hold its viscosity over time?

ENGINE CHECKPOINTS

When evaluating an engine oil and its ability to protect and preserve the engine’s power output and lifespan, Polaris engineers focus on key areas within the engine, some of the most critical ones include:

RINGS: Poor lubricant performance can lead to carbon and soot buildup, which results in poor ring seal and loss of power, combustion blow by and fuel dilution of the oil.

PISTON RINGS: During the combustion process, extreme pressures are placed on the top ring, forcing it outward toward the cylinder wall, sealing the combustion chamber. With so much force applied, poor oil film strength between the top ring and the cylinder wall can lead to cylinder wear and loss of power.

ROD BEARINGS: Engine bearings ride on an extremely thin hydrodynamic film of oil. Poor oil film strength or using an oil with a thinner viscosity, can lead to premature bearing wear or even engine failure. Using an oil with high film strength and a strong viscosity, like PS-4 full synthetic, will extend the service life of your engine.

CAMSHAFT: Direct Acting Overhead Camshaft are used on many Polaris Prostar Engines. In this application the camshaft pushes directly on the valve, creating very high contact pressures compared to other camshaft configurations. These forces are so great that inferior oil can break down and be forced out of the contact area leading to increased wear. PS-4 full synthetic additives are specifically designed to provide wear protection against this.

OIL DEVELOPMENT

PS-4 FULL-SYNTHETIC OIL

- PS-4 is approved for extended bulletin testing of -40° C to 65°F
- +1 L - 2877310
- 5 L - 2877311
- 20 L - 2877300
- 100 L - 2877306
- 200 L - 2877303

PS-4 EXTREME-DUTY FULL-SYNTHETIC OIL

- PS-4 is approved for extended bulletin testing of -18° C to 53°F
- +1 L - 2879001
- 5 L - 2879002
- 20 L - 2879003
- 100 L - 2879005
- 200 L - 2879008

PS-4 OIL CHANGE KIT

- Contains the correct amount of oil for your vehicle and correct oil filter
- 250 mL • 502084
- 500 mL • 502085
- 1 L • 502087

PS-4 EXTREME-DUTY OIL CHANGE KIT

- Contains the correct amount of oil for your vehicle and correct oil filter
- 250 mL • 502082
- 500 mL • 502083
- 1 L • 502089

ENGINEERED TO MAXIMIZE THE LIFE OF YOUR RIDE

All Polaris® fluids—from anti-freeze to brake fluid—are developed for your vehicle. Trust the only fluids perfectly engineered for your needs.

DOT 4 BRAKE FLUID

Polaris DOT 4 Brake Fluid is a high-quality brake fluid designed for use in Polaris hydraulic brakes. Superior high-temperatures characteristics plus anti-corrosive additives and extreme pressure components provide consistent, positive braking.

- 250 mL • 502005

ANTI-FREEZE

Polaris Extended Life Coolant contains organic anti-freeze additives to prevent corrosion on metal components, eliminate scaling, and maintain cooling system performance.

- +1 L - 502002
- 5 L - 502003
- 100 L - 502004

AGL

A proprietary blend of additives designed to optimize Polaris® GN transmission fluid life. Extreme-pressure additives protect gears, drive chains, and bearings from scoring and wear. This fluid exceeds Polaris® requirements and allows delivery flow and protection in extreme cold or high heat environments.

- +1 L - 502007
- 5 L - 502008
- 100 L - 502009

DEMAND DRIVE FLUID

Engineered specifically for Polaris® GN front drive systems. Provides positive 4WD engagement in extreme operating conditions. Anti-freeze additives protect internal components under heavy loads and extreme environmental conditions.

- +1 L - 502001
- 5 L - 502002
- 100 L - 502003

CARBON CLEAN

Polaris Carbon Clean removes sludge, varnish and carbon deposits from intake valves, piston rings, camshafts, bearings and connecting rods extending engine life and improving fuel economy.

- 75 mL • 502900
- 150 mL • 502901
- 225 mL • 502902

FUEL STABILIZER

Fuel Stabilizer prevents gasoline from breaking down and produces fuel for up to 2 years, even under extreme conditions. Fuel Stabilizer packages extend gas life and ensure for easy starting.

- 125 mL • 502100

FORD SYNTHETIC OIL

Engineered specifically for Ford® 4.2L-7.5L engines. Superior anti-wear additives keep components like cylinder heads, valve train components, and bearings from scoring, preventing engine failure.

- 200 mL • 502000
- 500 mL • 502001
- 1 L • 502002

PREMIUM GAS CHoke FLUID

A proprietary blend of additives designed to optimize Polaris® gas choke performance and ensure consistent performance in extreme cold or high heat environments.

- 500 g • 502005

ALL SEASON GREASE TUBE

A three-star blend of lithium grease designed to be used under all temperatures. This formula is designed to provide excellent results and lubrication under high, low, and moderate heat conditions.

- 330 g • 502006
### FOR THE LIFE OF YOUR RIDE

#### MAINTENANCE TIP

**BREAK-IN PERIOD**

The break-in period for your new **GENERAL** is the first 25 hours of operation, or the time it takes to use the first two tanks of fuel. No single action on your part is as important as a proper break-in period. Careful treatment of a new engine will result in more efficient performance and longer life for the engine. Perform the listed procedures carefully.

### AIR FILTERS

Critical to engine performance and reliability is a air filter or filter can restrict air flow to the engine leading to reduced engine performance. Dirt and debris ingestion can damage the engine leading to reduced engine life or catastrophic failure. Polaris recommends changing the vehicles air filter at the specified intervals outlined in the owner’s manual, which may be shorter if your vehicle is subject to severe conditions.

### BRAKE PADS

Check your brake pads if you are close to the manufacturing date, or notice behavior, hard grinding when applying the brakes, your vehicle is taking longer to stop or if you have to apply more pressure to your pedal to engage the brakes. Check the brake discs for signs of cracks, excessive corrosion or warping. If the brake pads are contaminated with dirt or grease (automotive products), brake pads have to be discarded and replaced. Discs need to be cleaned with brake cleaner or alcohol-based cleaner only.

### HALF SHAFT

External elements can contribute to add weight and increase powertrain weight. Half shafts can overheat and fail if the CV boot becomes loose and escapes the joint. This usually occurs if the CV boot becomes loose and escapes the joint. This usually occurs if the CV boot becomes compromised. Full replacement or part specific available.

### OIL FILTERS

Change oil filters with every oil change to provide the best protection for your engine. Superior engine protection keeps your engine operating at peak performance. Be sure to follow the suggested service intervals for solid filter changes.

### BATTERIES

Never leave a battery unattended during the charge process. To ensure your battery maintains its level of charge when stored, or for extended periods of time, or during freezing weather, the battery should be connected to a BatteryMinder®. Be sure to check for corrosion from the terminals to the cables.

### DRIVE BELTS

Polaris Engineered belts deliver constructed performance for your off-road vehicle. Developed and tested in our engines for all environments and conditions. Polaris ensures the best belt for performance, tear and all types of belt. Break-in period.

### BREAK-IN PERIOD

- Use lower gearing if available while varying speeds and avoiding wide open throttle for.
- If no low gear is available, vary at moderate speeds while avoiding wide open throttle for.

### OUR INVESTMENT

- 10,000 km of field testing
- Thousands of dyno hours
- 10 months of development (1000+ design hours) per belt
- 1200 vehicle validation hours
- Collaboration with powertrain & clutch engineers

### YOUR ADVANTAGE

- No clutch recalibration
- Less wear & tear due to heat
- Ensure maximum vehicle performance
- More time riding, less time wrenching
- Produced in collaboration with powertrain and clutch engineers to ensure a perfect fit, maximum performance and ultimate durability

### SPECIFIC TIMING

- Check Your Owner’s Manual for additional recommended service items and vehicle-specific timing

### ADDITIONAL SERVICE ITEMS

- Coolant, check level, replace every 2 years
- Gearcase, check oil level, replace every 2 years
- Air Filter: Inspect, clean, replace as needed
- Carbon Build-Up at Joints: Inspect & Clean, replace as needed
- Spark Plugs: Inspect & Adjust
- Drive Belt: Inspect & Adjust, replace as needed
- Battery: Test, clean & fluid level, replace as needed

All Polaris parts are developed and tested to help you get the most out of your ride. Now, we’re taking the passion of our riders, workers, and outdoor enthusiasts to the next level with HD Parts. These heavy-duty parts are engineered for riders who want greater durability and enhanced performance. HD Parts are designed and tested to handle greater wear and tear under all weather conditions. This means longer ride times with less service interruptions and related costs.

**SUSPENSION BOOTS**
- Thicker, stronger boot material better withstands cuts and tears
- Prevents the intrusion of water and contaminants, increasing joint life
- More resistant to cracking due to aging

**BRAKE PADS**
- Longer wear life
- Improved braking in wet & muddy conditions

**WHEEL BEARINGS**
- Utilizes a triple lip seal for improved protection against mud and debris
- Longer life between service and replacement
- Specifically designed for Polaris vehicles

**TIRES**
- Increased tread life
- Material and design for enhanced puncture resistance

**LUBRICANTS**
- High-temperature engine protection
- Increased rust and corrosion protection
- Reduced chance of thermal breakdown in high-temp environments

**BATTERIES**
- Improved starting in cold/poor conditions means increased performance of accessories and longer vehicle operation.
- Larger Capacity
  - Measured in Ah (Ampere Hours)
  - HD batteries store more energy
- Higher Output
  - Measured in CCA (Cold Cranking Amps)
  - HD batteries deliver more power when starting and power more auxiliary items

*Claims made based off testing and performance of Polaris HD Parts against standard OEM parts made by Polaris and competitor brands under normal use.

For more information regarding Polaris HD parts including vehicle compatibility, installation, and maintenance, please contact your authorized Polaris ORV dealer (Ranger®, ATV, RZR®).
Polaris Engineered service parts deliver unmatched performance and fit for your off-road vehicle. All service parts are engineered specifically for your machine. Which means everything is designed, tested and perfected to maximize the life of your ride. Getting Polaris Engineered parts is a decision that pays off in the long run, because it ensures there is a long run.

OVER 100,000 PARTS AVAILABLE!

OUR INVESTMENTS ENSURE POLARIS BELTS OUTPERFORM YOUR EXPECTATIONS.

OUR INVESTMENT
• 32,187 km of field testing
• Thousands of dyno hours
• 18+ months of development (3,000+ design hours) per belt
• 1200+ vehicle validation hours
• Collaboration with powertrain & clutch engineers

YOUR ADVANTAGE
• No clutch recalibration
• Less wear & tear due to heat
• Ensure maximum performance of your vehicle
• More time out riding, less time wrenching

POLARIS ENGINEERED DRIVE BELTS
TESTED, PERFECTED

We test each belt on the intended vehicle – we don’t just try to make an existing belt “just work”.

– Amery Kuhl, Polaris CVT System Engineer

Maintenance is the key to keeping your Polaris off-road vehicle performing at its peak. Items like belts, lubricants, and batteries represent only a few of these critical items engineered specifically by Polaris.

FOR THE LIFE OF YOUR RIDE

VISIT YOUR POLARIS DEALER TO SHOP FOR SERVICE PARTS.

OVER 100,000 PARTS AVAILABLE!
BatteryMINDer®
ENSURE YOUR RIDE IS READY WHEN YOU ARE.

- Add years of capacity, power and range to new and older batteries, regardless of type or brand
- Never over- or under-charged in any temperature
- Leave your vehicle connected for months and return to fully charged and conditioned batteries
- Recover idle or weak batteries that would normally need to be replaced
- Change and maintain extra lead-acid batteries as well as those in your vehicle
- Automatic turn-on, shape while keeping your battery at full charge
- Easy push-button selection to change battery type or charge

BatteryMINDer ACCESSORIES

BatteryMINDer® EZ Connect
- Allows for quick and easy connecting and disconnecting of your BatteryMINDer®
- Includes a set of ring terminals
- Replaceable 15 amp in-line fuse for circuit protection

BatteryMINDer® EZ Connect
- 12,000 mAh capacity. Two 5V/2.1A USB outputs, 200-lumen flashlight, and a digital battery life monitor. Includes storage case, smart jumper cables, car charger, sell charger, and user guide.

> 2830436

BatteryMINDer® VPP-12-12/24 Volt Vehicle Power Plug
- Allows easy connection to vehicle’s battery through lighter or 3/8"-24 Thread power port with replaceable 15 amp fuse.

> 2830410

BatteryMINDer® Splitter
- Connect two batteries simultaneously for easy battery maintenance.
- Cap includes a set of ring terminals

> 2830510

BatteryMINDer® Ring Terminal
- Features 10 and 12 gauge Ring Terminals
- Makes it easy to connect your BatteryMINDer® to a vehicle battery

> 2830511

BatteryMINDer® 3.7 m Cable
- Made with heavy duty 16 gauge black slip cord featuring automotive SAE bullet connectors

> 2830412

Polaris Flex Jumpstarter
- 12,000 mAh capacity. Two 5V/2.1A USB outputs, 200-lumen flashlight, and a digital battery life monitor. Includes storage case, smart jumper cables, car charger, sell charger, and user guide.

> 2830495

Polaris X3 Creeper
- Three positions: flat, 45 degree angle or seated work angle
- Helps you perform any repair with ease
- Stay dry and warm away from cold, wet cement floors
- Easily stores away when not in use

> Black - 2830429

Polaris Vehicle Lift
- Get fast, easy access to the underside of your vehicle
- Manual and pneumatic operation available
- Raises vehicle up to 82 cm to make repairs and maintenance faster and easier

> 541 kg - 2830424

POLARIS FLEX JUMPSTARTER

- Jumpstart any engine up to 6.4L. The Polaris Flex Jumpstarter is small enough to be stored in your glovebox and holds its charge so you can count on it when it’s needed.

> 2830495

LIFT ATTACHMENTS

- Add the appropriate attachment to use your lift for all your off-road vehicles

- AT/LPS POLARIS VPP - 2830442
- SNOWMOBILE - 2830446

LIFT IT SECURELY
LIFT IT SAFELY

BATTERY MAINTENANCE TIPS

Extend your battery life with a BatteryMINDer® and these tips.

1. Store batteries in a cool, dry location.
2. Check that the battery connections are tight. Clean them with a battery brush or cleaner if necessary.
3. If your battery has a drain, turn on your vehicle’s lights to see if it is free of tricks.
4. Clean your battery terminal with a soft brush to brush the top of the battery to make contact tight.
5. Connect a BatteryMINDer® after using your vehicle to maintain your batteries at full charge.

POLEARIS VEHICLE LIFT

- Get fast, easy access to the underside of your vehicle
- Manual and pneumatic operation available
- Raises vehicle up to 82 cm to make repairs and maintenance faster and easier

> 541 kg - 2830424

**CV BOOT REPAIR KIT**

- A quick trail ride fix to increase trail time
- The flexible and durable boot material expands over a cone tool for CV boot repairs, without disassembling CV axles
- Universal fit – works is a temporary fix for most powersports axles
- All components fit inside the case, and a cover is provided for compact durable storage
- Easily fits in a cargo box, attached to the roll cage, in the glovebox, or in any other storage location.

**3:1 HITCHES**

- Durable, rust resistant steel with black powdercoated finish
- Designed to work with 3:1 Hitch
- 4.8 cm replacement ball for hitch

FABRIC TECHNOLOGY DESIGNED TO KEEP YOU COOL
Cooling fabric designed with our protection in mind. Our chemical-free fabric blocks the surface temperature on our cooling shirt up to 30%, so you don’t sweat. It carries a UPF 50+ (ultraviolet protection factor) rating, the highest available, blocking 98% of harmful UV rays. Available in long and short sleeves.

**APPAREL & HELMETS**

**LIFESTYLE & CAPS**

**OUTERWEAR & PROTECTION**

**CAMO & GIFTS**
**FLANNEL JACKET**

Stylish and warm flannel shirt/jacket with front snap closure available in 2 colorways. Soft yet durable brushed flannel on the outside lined with warm Sherpa fleece on the inside. Available in Men’s sizing S-3XL.

- External pockets include 2 chest and 2 hand pockets with snap closures
- One internal pocket with zip closure

**WORK JACKET**

This warm and rugged jacket was engineered to be tough enough for work and stylish enough for play. The outer fabric is crafted with Nylon 6, a durable, non-stretch woven fabric that is rugged and tear-resistant but feels like a soft, comfortable material. Protection and warmth with 100% nylon shell coated with durable water repellency (DWR).

- Superior DWR treatment provides water-resistance in the elements
- Four external pockets for maximum gear storage
- Customized fit with Velcro® wrist closure cuffs
- 80 gram 3M® Thinsulate for warmth on chilly days
- Built-in action back provides comfortable movement and increased range of motion
- Internal zipper pocket
- Brushed flannel trim

**RAIN JACKET**

100% waterproof lightweight jacket with YKK® zippers and removable hood. Available in 8 colorways.

- 300T waterproof lightweight and packable nylon
- YKK® Zippers
- Rain jacket has removable hood

**RAIN SUIT**

100% waterproof lightweight and packable nylon overall with YKK® zippers and removable hood. Available in Charcoal.

- YKK® Zippers
- Rain suit has removable hood and adjustable waist

**OUTERWEAR**

BUILT TO WORK HARD & PLAY HARD

**SOFTSHELL JACKET**

- DWR prevents precipitation from saturating the jacket’s exterior
- Three external and one internal pocket
- Lined with 300 grams of soft fleece for warmth
- Renewable hood and underarm venting
